

SUMMARY
Dynamic Full Stack Developer with 1 years of experience in designing and implementing robust, scalable applications utilizing React.js, Angular, Node.js , and MongoDB . Demonstrates expertise in developing responsive user interfaces and efficient backend services, with a solid grasp of both relational (MySQL, PostgreSQL) and NoSQL databases. Proven track record in enhancing product stability and optimizing workflows, leading to significant improvements in deployment times through strategic solutions. Competent in utilizing version control systems (Git, Bitbucket) and project management tools (Jira), alongside deployment platforms such as Vercel and Netlify . Additionally skilled in network configuration with Cisco Packet Tracer and committed to exploring emerging technologies including Mixed Reality and Artificial Intelligence . Driven by a passion for delivering innovative, user-centric solutions

PROFESSIONAL EXPERIENCE
<div>Justframez (Ecommerce)Web DeveloperAug'24 - present</div> <div><ul style="list-style-type: none">Developed a custom e-commerce platform using WordPress, enabling users to browse and purchase personalized photo framesOptimized gallery components with WordPress plugins and custom scripts for seamless navigation and improved frame selectionImplemented secure payment gateways and streamlined workflows via WooCommerce, enhancing efficiency.Successfully delivered the project within the agreed timeline, leveraging strong problem-solving and client communication skills.</div>
<div>Edufied Pte Ltd, SingaporeFront End DeveloperNov '23 – Jul '24</div> <div><ul style="list-style-type: none">Streamlined codebase development by cloning a 75,000+ line project within 2 days, increasing development efficiency by 15%.Resolved 10+ critical issues in a 50,000+ line Angular/TypeScript platform, greatly enhancing system stability and performance.Integrated 5+ features, optimized UI performance, and resolved critical bottlenecks, significantly boosting user engagement.Led the development of a Webiny CMS website, integrating AWS for scalability and React for component manipulation.Automated AWS deployments via Bitbucket CI/CD pipelines, cutting deployment errors by 20% and boosting efficiency.</div>
<div>Lumos Ind, CoimbatoreResearch AssociateAug '20 – Jan '21</div> <div><ul style="list-style-type: none">Supervised a team of 4 in exploring AR and MR technologies, devising integration strategies to improve product functionalityAuthored a 30-page report on AR/MR, presenting actionable recommendations for crisis management and user engagement.Proposed innovative prototypes and strategic goals for AR/MR products, focusing on user experience improvements.Analysed societal implications of AR/MR during the COVID-19 pandemic, identifying opportunities in emergency scenarios.</div>

PROJECTS		
Projects	<div><div>Genius (AI -SaaS)</div><div>Apr '24</div><div><ul style="list-style-type: none">Developed AI SaaS platform integrating 5+ AI tools using Next.js, React, Tailwind CSS improving accessibilityIntegrated Clerk and AI models (Riffusion/Zeroscope) for music/video generation, boosting platform versatilityBuilt 4+ core components, customizing user experience and integrating multimedia (images, video, etc.)Designed a scalable subscription system with 3+ pricing tiers, improving monetization and user growth</div></div>	
	<div><div>Justframez (Ecommerce)</div><div>Aug'24</div><div><ul style="list-style-type: none">Optimized components for seamless gallery navigation and frame selection, enhancing user experience.</div></div>	
	<div><div>Archadius (Portfolio)</div><div>Mar '24</div><div><ul style="list-style-type: none">Built a WordPress site for an architecture firm, customizing the layout to meet client requirements</div></div>	
	<div><div>Design Cartel (Portfolio)</div><div>Aug'22</div><div><ul style="list-style-type: none">Created a targeted portfolio website showcasing 6+ products to capture specific audiences effectivelyDeveloped the site using JavaScript and PHP, improving navigation across 5 key sections of the website</div></div>	

EXTRA-CURRICULAR ACTIVITIES	
Certifications	<ul style="list-style-type: none">▪ CCNA: Enterprise Networking, Security, and Automation - Cisco▪ CCNA: Switching, Routing, and Wireless Essentials - Cisco▪ CCNA: Introduction to Networks - Cisco▪ Google Cloud Certification, (Cloud Essentials, Cloud Computing Fundamentals)▪ Google Cloud Certification (Infrastructure, Networking Fundamentals)▪ Google Cloud Certification (Data, ML, AI)▪ Frontend Development using React - Board Infinity▪ Secure Full Stack MEAN Developer - EC-Council▪ AI Foundations – IBM▪ Cybersecurity Fundamentals - IBM
Interests	<ul style="list-style-type: none">▪ Exploring cutting-edge tech, AI, and videography, which enhance creativity and editing skills
